MEMORANDUM FOR: Omnibus Partners in Industry

FROM: ESC/ACMC  
50 Griffiss Street  
Hanscom AFB, MA 01730

SUBJECT: Omnibus Industry Thank You Letter

1. Thank you for your recent participation in the Omnibus Industry Day at Hanscom AFB. Your inputs and recommendations were invaluable in helping us further scope the future of the Omnibus project. The dialogue and information interchange was outstanding. Thank you for your keen feedback and insight.
2. I would like to thank Capt Alexander Walan for coordinating the highly successful day. Based on his stellar past performance, Capt Walan has accepted a new challenge and will be the lead AC Program Office coordinator for JEFX '02. Consequently, Capt Walan has passed the Omnibus "baton" to 1Lt John C. Campbell. Lt Campbell joins the Counterdrug Team from the Joint STARS Program Office, where he served as the Executive Officer. John will be the project lead for the Omnibus program. Mr. Carl Tomasi will substantially assist him in this effort.
3. I, along with the rest of the CSCS Team, am very enthusiastic about the future of this venture. The goal is unchanged, to streamline the acquisition process to provide the highest quality product/capability to the user in the least amount of time. I look forward to working with each of you to uncover and formulate the most effective and efficient approach to accomplishing this goal.
4. If you would like to contact any member of the Omnibus team, please send an e-mail to the Omnibus Common Mailbox ([cscs.omnibus@hanscom.af.mil](mailto:cscs.omnibus@hanscom.af.mil)). Thanks again for your interest in this exciting new initiative.

  
KENNETH L. WHITLEY, Colonel, USAF  
Chief, Battle Management and Crisis Action Division  
Combat Air Forces C2 Systems
